

Update for TCC Veterinary Technology Applicants

We have extended our application deadline to June 10, 2020 for anyone who would like to apply for entrance consideration into the August 2020 class.

We have made this decision due to the Governors stay at home orders, and because of the closing of the colleges in Virginia, amid the COVID-19 concerns.

We want to give any person who would like to apply to the TCC veterinary technology program equal and fair opportunity to do so. We feel that an extension of the deadline is the best way to do this.

The application and all applicable information can still be found and accessed on the TCC website. Additionally, we are always available to answer any questions that a perspective student, DVM, practice manager etc., may have.

If anyone should have any questions, please feel free to reach out to us by email.

We appreciate your support of our program and of our students!
